

We are concerned about FCCs proposal to expand LPFM service in a way that might allow these stations to take priority over current FM stations such as K-LOVE. K-LOVE offers the best of radio for us and our local community. It provides positive and encouraging Christian music and discussion. It is the kind of station that you can have on all the time and not have to worry about what your kids might hear. If K-LOVE was to be displaced, we would lose a wonderful, wholesome resource for our family and community. K-LOVE is a non-profit radio station that we can listen to in many parts of the country. It is commercial free and supported by it's Christian listeners. Every community would be better off if K-LOVE type programming were available to it's radio listeners.

Thank you for this opportunity to comment on this important community issue.
